

| BACCN Representative on Project Group/Advisory Board/Collaborative Work | |
|--|-----------------------------------|
| Work Title representative Attendance of National Organ Donation Committee (NODC) meeting | |
| Scope of Work (e.g. background of project/expectations of involvement) First face to face meeting post pandemic, Brunswick Square, London | |
| Date of meeting 25 th May 2022 | Attendee Trish McCready |
| Feedback (to include/highlight any pertinent issues for the attention/action of the BACCN National Board) | |
| <p>BACCN/OD</p> <ul style="list-style-type: none"> • Phil Walton (NHSBT) will be linking with BACCN regarding conference and OD participation • NHS OD discussed the possibility of funds being made available for nurses to attend the conference • Discussed the present high turnover of critical care nurses and employment of new international nurses (unlikely that they will have awareness of British OD so the OD will be using a 'back to basics' approach). <p>NHSBT financial situation unclear as budgets have still not been published from April 2022.</p> <p>FICM, ICS, PICS are working on a national standard for CT Angio neurological death criteria.</p> <p>NI legislation being proposed for 'opt-out' next year.</p> <p>Ethnic Minority Groups have a high percentage of demographic 'opting-out'.</p> <p>High percentage of deemed consent taking place in NI (interesting who are presently without 'opt-out')</p> <p>Donations Actions Framework will be launched at the ICS in June (we (BACCN) have endorsed, and I am named as a contributor). It is scheduled to be published in the Journal of Intensive Care. The Framework covers England, Wales and NI (not Scotland).</p> <p>19 to 25 September is Organ Donation Week.</p> <p>Planned Commonwealth OD webinars which include 42 out of the 52 commonwealth countries engagement</p> <p>Next meeting: 8th November 2022</p> | |
