

Professional Nurse Advocate, supporting the core conditions of workplace wellbeing & personal practice model for nurses

OUTSTANDING CARE

HEALTHY COMMUNITIES

AND A GREAT PLACE TO WORK

Workplace Adversity

- Global Nursing Workforce Crisis.
- Annual & Bi-Annual Crisis Reports.
- ICU environments are detrimental to the health and wellbeing of critical care nurses.
- Pre pandemic high levels of moral distress & BOS* in UK ICU RNs at >80% Vs 33-45% in US ICU RN's.
- Post pandemic probable PTSD, moderate/severe anxiety, depression in 45% ICU staff & 13% thoughts of suicide. RNs higher rates compared to Drs.
- CC3N & NHS Staff Survey 2021/22 Growing Concerns.
- Human centred work process of ICU challenge an effective wellbeing strategy.

*compassion fatigue

Workplace Adversity Rescue Package

Evidence has been translated into wellbeing interventions adaptable to time restraints and heavy workloads, that are cost effective to allow enhanced ownership into a daily critical care wellbeing practice.

Ruth May's legacy with national strategy for high quality clinical supervision for nurses.

CC3N support allowed ICU nurses to be the first qualified PNAs, enabling tailor-made PNA roles & implementation processes 2021/2022.
