

# Joint London IPS Branch Conference 2019

Thursday 2<sup>nd</sup> May 2019  
The Kia Oval, London

@IPS\_Infection  
#IPSLonJoint19

**COST:** Members: Free, Non-Members: £55

## EVENT OVERVIEW:

The event features prominent speakers within infection prevention who will explore the view that **'prevention is better than cure'**.

The day will start with an opening address from the IPS President. The wide ranging programme includes presentations on mouth care and IPC, sessions on CPE outbreaks, water issues and approaches to reduce gram negative blood stream infections plus social care perspectives on flu vaccination, IPC and AMR.

## WHO SHOULD ATTEND?

This day will be of interest to infection prevention and control practitioners, public health practitioners, Directors of Infection Prevention and Control, matrons/team leaders, managers of nursing and residential homes, link nurses in the community, inpatient and residential settings, staff and district nurses, adult and social care staff, student nurses and domestic/house keeper supervisors. This list does not exclude any other healthcare professional with an interest in preventing and controlling infection.
