

BACCN: Professional Advisors report November 2020
Catherine Plowright & Louise Stayt

Item	Update
Oral Care Consensus	Pleased to say that this is now published on our website and in NICC. Thanks to the tenacity of Vanessa Gibson.
NICE	<ul style="list-style-type: none"> • We continue to review appropriate calls for NICE consultations.
Grants and Awards	<ul style="list-style-type: none"> • Grants approved and monies awarded can be seen on Board resource on website • Next deadline is end Nov 2020- No applications to date • Applications down in 2020 (understandably) • BAME award awarded at Conference • Question to Board could BAME award be a yearly one if we have adequate funds
Learn Zone	<ul style="list-style-type: none"> • Free access to this and other Covid resources stopped in September • Continue to subscribe to Onclick to maintain the platform containing the trachy care and chest drain modules • Questions to Board: <ol style="list-style-type: none"> 1) On- going subscription (agenda item) 2) Free access to COVID resources during 2nd wave
CPD	<ul style="list-style-type: none"> • Events postponed but Regions are now planning for virtual events.
Professional Group Representation	<ul style="list-style-type: none"> • Cardiac competencies for National Critical Care Competency and education group: Ian Naldrett and David Waters • CC3N National Critical Care Competency and Education group: Ann Price who still represents us on this • UK Critical Care Research Forum: Suzanne Bench • Organ Donation Committees: Trish McCready • CC3N Nursing Associate Group – Trish McCready • Animal Assisted Therapy in ICU Trish McCready & Ann Price (statement now published so group disbanded) • Critical Care Outreach National competencies Karin Gerber • ICS Wellbeing Steering Group – Louise Stayt & Catherine Plowright <p>Reminder to all board members or anyone representing BACCN that a feedback form needs to be submitted.</p>
Research sturdy supports	<ul style="list-style-type: none"> • These continue to be submitted and are reviewed by us and publicised accordingly • Anecdotal reports suggest they have good uptake as a result of our publicity
