Instructions on accessing your journal's content on your new app

There are three main methods to access content on your journal app depending on how you normally view your journal online.

1. Do you normally access journal content through your society or organization's website?

Please follow instruction set 1 'Society member instructions' to access your app.

- 2. Are you a society member (or individual) who accesses your journal's content by logging directly into a personal Wiley Online Library account? Please follow instruction set 2 'Society member instructions' to access your app. (For users whose WOL access isn't provided via an institutional network)
- 3. Are you an institutional subscriber, who accesses journal content through a Wiley Online Library account linked to an institution? Please follow instruction set 3 'Institutional Subscriber App Instructions' to access your app.

1. Society member app instructions who access content via a Society website (TPS)

Journal App Access instructions for Society members who normally access Wiley content through their Society website.

I've already purchased a subscription through iTunes.	Forgot your password?
Restore All Purchases	

For new general registration customers:

As part of your new society member package you will have received instructions for setting up digital journal access through Wiley Online Library. Setup involves creating an account on Wiley Online Library and entering an access code that was provided by the society. Once you have completed this setup process, use your WOL account to log in to this app to unlock your subscription content following the steps outlined above.

3. Institutional subscriber app instructions

This model is based on accessing individual journal content your library or institution has purchased. In order to access your app's licensed journal content, **you must be located within your institution's network** the first time you log in. We recommend completing the following 6 steps:

Store (click the link below.) (add hyperlink to the app on the store image below.) Launch the app	When the app opens, Click 'I already have according from the overlay.

Note: if your e-mail	does not support hype	rlinks, please copy and paste	the link into your Safa	ri web browser.

8. The app will attempt to automatically refresh institutional access when you are on the network. To check, click on the Information Button, where the date that access will run out is visible, and a button can be tapped to manually trigger refreshed access.

For Assistance

If at first you don't see the overlay instructions described and shown in the instructions above, tap "Settings" (Gear Icon), then tap "Get Access."

You will then be presented with the onscreen instructions outlined above.

We welcome feedback! If you have ideas for new features, or want to give us feedback on the app, please visit our Ideas Portal: <u>https://wileyapps.ideas.aha.io/ideas/new</u>
