Rising Star Committee of the Year 2025 - Scottish Region

This next award is a recognition of not just growth, but true resilience and renewed purpose. This committee has undergone an extraordinary transformation. Not long ago, the region had all but disappeared from the national stage. But rather than remaining dormant, a passionate group of individuals came together with determination to rebuild from the ground up.

In a remarkably short time, they have re-established a strong presence, organised successful study events, and reconnected with their professional community - all with the energy and focus of a region that’s clearly here to stay.

Please join us in celebrating the incredible efforts of the Scottish Regional Committee - our well-deserved Rising Star Region of the Year.

Their dedication reflects the very best of what the BACCN stands for - and their work will no doubt inspire us well into the next 40 years.
